(Philippine Statistics Authority – Negros Island Region Official Website Dashboard)

The Philippine Statistics Authority (PSA) proudly announces the official launch of the Negros Island Region (NIR) website, now accessible at <https://rssonir.psa.gov.ph>. This milestone marks a significant step in enhancing public access to statistical services, data, and information for stakeholders across the region.

The new site serves as the central online platform for the PSA Negros Island Region, providing up-to-date statistical reports, regional news, announcements, and access to various PSA services including civil registration, data requests, and surveys. Designed with user accessibility in mind, the website supports the agency's commitment to transparency, efficiency, and innovation in delivering timely and relevant statistics for development planning and decision-making.

As the NIR continues to grow and develop, the website will play a key role in supporting planners, policymakers, researchers, and the general public by offering reliable and easily navigable statistical content.

The public is encouraged to explore the site and make full use of its features to stay informed and engaged with the latest developments in the region.

The PSA–NIR is responsible for collecting, compiling, analyzing, and publishing statistical information for all national censuses, surveys, and coordinations for the provinces of Negros Occidental, Negros Oriental and Siquijor, as well as the highly urbanized city of Bacolod. The PSA-NIR also oversees civil registration and enforces the Civil Registry Law in the region and the continuous operation of the Philippine National ID registration.
